COMPANY PROFILE

1. INTRODUCTION

Nano Logistics Egypt has been officially established in 2018. The founders of this company have been working in the field of shipping since 2005 in both liner and Logistic filed.

* Because of the long-years-work in this field they gained excellent related experience, and enjoy fast awareness of the different modes of shipping and how it adjusts to the different kinds of merchandise.

* Through these years to pass, they knew people in all assigned modes of shipping, who help them in getting over obstacles, landing and delivering the shipped goods and facilitating custom transactions.

We have a highly qualified team with rich experience in the forwarding/shipping industry and expertise in refrigerated containers. We confirm the best and most efficient way possible to meet your ocean cargo criteria, whether it be containers, breakbulk, flat racks, LCL import/export. We are looking forward to cooperating with international shipping agencies all around the world in Europe, America, Africa, and the near and far east. In addition to this, we will work on expanding our work both by cooperating with more new clients and much-developed shipping agencies. This will always be a result of our honesty, accuracy, using the best packaging procedures and the most developed land, water and air shipping freights.

2. NANO: YOUR LOGISTICS PARTNER

The company has been formed by a group of professionals having vivid experience and wide exposure in supply chain industry.

Why choose Nano Logistics:

- Regional expertise:** Our Nano Logistics team includes skilled, experienced and reliable local representation in logistics filed with more than 10 years of experience
- Efficient:** Save time and money with streamlined processes, intelligent technology, and fast, accurate documentation.
- Flexible:** the approach to freight is built to take on your toughest supply chain challenges. No rigid services or phone menus – just solutions-driven services delivered by a dedicated point of contact. Think of us as an extension of your operation, committed to improving turnaround and costs.
- Sustainable:** Identifying and monitoring your carbon footprint provides valuable information on the environmental impact of your transport and logistics operations – an indispensable basis for setting sustainable targets.
- Reefers:** our Team expertise in refrigerated containers.

3. OUR MISSION & VISION

Our Mission

Our mission statement is simplicity itself to constantly exceed customer expectations by providing superior freight forwarding and global transportation solutions including air, ocean, and customs brokerage and logistics services.

Our team of professionals is totally committed to providing you a service that far exceeds your expectations. We put forward a tremendous extra effort every day to give this level and quality of service and we are always striving to deliver the most efficient and effective solutions in the industry by utilizing state of the art technologies, highly trained friendly and experienced staff as well as a solid infrastructure.

Our most critical mission is to provide a competitive advantage to our clients by producing a reliable and personalized logistical support system that is consistent and dependable one hundred percent of the time all the time.

Honesty is the foundation of our company and our commitment to you.

We approach every need of our customer with utmost flexibility because we concentrate not on the processes but the result – proper delivery of the shipment.

Our Vision

To be a leader, the strongest and most trusted company both nationally and internationally in the field of Shipping, logistics, and Relocations.

Our keys for development:

- Desire for Excellence
- Trust and confidence build-up
